

BETHEL SOZO

PRAYER MINISTRY TRAINING

Based on the model devised by Bethel Church California

- Bethel Sozo is a powerful and transformative tool for anyone involved in healing ministries. This unique healing and deliverance ministry is both Holy Spirit-led and person-centered, focusing on deepening your relationship with God—Father, Son, and Holy Spirit. Through Sozo, individuals can experience healing from past wounds and freedom from lies they have believed about themselves or God. The ministry aims to release people into the fullness of who God created them to be. Many have described Sozo as "counselling on steroids," offering profound freedom from the enemy's lies and afflictions through the guidance of the Holy Spirit. For people who are stuck and want to deeper their relationship with the Godhead Sozo is a powerful tool.
